

About Eilidh Lewis, Assistant Registrar

Eilidh was born in Glasgow, Scotland, where she lived with her parents and two brothers until coming to Canada in 2006 to pursue a two-year master's degree in Geology at Laurentian University. She earned her Bachelor of Science degree in Earth Science from University of Glasgow.

Prior to PGO, some of Eilidh's work experience include, but not limited to, Ontario Geological Survey as a senior assistant, KGHM International as production geologist, drill geologist and exploration geologist, Wallbridge Mining Company as a production geologist and a brief teaching position at Cambrian College in Sudbury. In her current capacity as Assistant Registrar, Eilidh provides support to the Registrar and the Registration Committee. She co-leads, along with other staff, the implementation of various initiatives rolled out by the PGO to carry out its regulatory mandate.

She quotes, "I met the wonderful staff at PGO, who have welcomed me into their office as the Assistant Registrar. So, here I am, 13 years after leaving home for what was supposed to be a two-year program, working with a great bunch of people, in a great city, in what I hope will be a great career."

Eilidh lives in the Durham Region with her husband, David and their two adorable dogs, Abby and Dexter.

About Ami Mogaji, Office Manager

Ami is responsible for coordinating all office procedures and administrative processes to ensure organizational effectiveness and smooth operation of the PGO office. She also provides administrative support to the CEO and the Registrar.

Ami was born in Nigeria and has worked in the geoscience industry across Nigeria and the United Kingdom as a field geologist, analyst and project coordinator providing support to the directors and staff. Her work experience and knowledge, coupled with her undergraduate degree in Geology from the University of Ghana and a Master of

Science degree in Environmental Geology from Cardiff University in the U.K has provided her with skill sets that proved to be invaluable in her current role at the PGO.

Working at PGO gave Ami a deeper appreciation of the geoscience profession and greatly help her understand the importance of the role of PGO as a regulatory body.

Ami lives in the Halton Region with her husband, Emmanuel. They spend most of their free time exploring Toronto and other places in Ontario, building connections and volunteering in their community.
