

ONTARIO REGULATION 199/25 DEEMED CERTIFICATION - ATTESTATION FORM

DEEMED CERTIFICATION CONDITIONS

I, _____, wish to engage in the practise of geoscience in Ontario and I have submitted a complete Deemed Certification application for registration with Professional Geoscientists Ontario (PGO*).

I understand that, in order to qualify under the Deemed Certification pathway, all of the following conditions must be met.

Check all that apply.

☐	I am registered, and in good standing, as a professional geoscientist (P.Geo./P.Geo.(Limited), or equivalent) in another Canadian jurisdiction
☐	I have not previously been denied registration with a Canadian regulatory body
☐	I have never been found guilty of, or have an outstanding judgement against me, or have a current proceeding for professional misconduct, incompetence, negligence or incapacity proceeding, or any similar proceeding, by a professional regulatory organisation, association or agency
☐	I have never been found guilty of, or have an outstanding judgement against me, or have a current proceeding for any offence under the Professional Geoscientists Act and Regulations, other Ontario legislation or equivalent legislation in another jurisdiction
☐	I have never been found guilty of, or have an outstanding judgement against me, or currently in a proceeding for any criminal offence
☐	I have never been found guilty of, or have an outstanding judgement against me, or have a current proceeding for negligence due to unskilled practice in any civil actions made against me

DECLARATION

Knowingly giving a false response to any question is grounds for refusal of the application.

☐	I understand that I will be deemed by PGO not to have satisfied the requirements and qualifications for a certificate of registration if, in connection with this application, or any past application, I have made a false or misleading statement.
☐	I understand that I have to submit all supporting documentation and application fee with my application and I understand that my application will not be reviewed until all documents have been received, and the application is determined to be complete. Please see https://www.pgo.ca/registration/membership-types/practising/labour-mobility-pathway2 for information on what constitutes a complete application.
☐	I understand that when my application is accepted, I must submit payment and associated declaration forms within 30 days.

LOSS OF EXEMPTION

I, _____, understand that I will lose my ability to practise geoscience in Ontario under the Deemed Certification pathway if any of the following occur:

☐	PGO rejects my application for a certificate of registration within six (6) months of my submission of a complete Deemed Certification application.
☐	I cease to meet a condition outlined under the “DEEMED CERTIFICATION CONDITIONS” specified in this form. It is the responsibility of applicants and registrants to notify PGO of any changes.

I understand that if any of the conditions listed under “LOSS OF EXEMPTION” apply to me, I am no longer permitted to practise geoscience in Ontario under the Deemed Certification pathway, and I must immediately cease to practise and cease to present myself as a geoscientist in Ontario.
