

JOB OPPORTUNITY

Hydrogeologist / Project Manager

STATUS: Permanent, Full-time

LOCATION: Whitby, Kingston, or Peterborough, ON

APPLY BY: October 17, 2025

SALARY RANGE: \$42 – \$55/hr

WHY WORK WITH CAMBIUM?

You want to be a part of a successful, dynamic and fast-growing consulting and engineering company built on quality people doing quality work in a rewarding environment. We help build Ontario. We have offices in Ottawa, Whitby, Barrie, Kingston, and Peterborough.

Our team is fun and friendly. Whether it's trips to sporting events, movie nights, monthly socials, or weekend retreats, our team likes to have a good time together.

Our team is hard-working. You'll need to be flexible and able to manage priorities. Sometimes the days are long. But you are always compensated for your efforts. And we support balance with generous paid time off entitlements.

Our team is proud. Donating a portion of our net income each year to important causes and events. Winning awards. You'll find it easy to feel good about working with Cambium.

CAMBIUM REWARDS

Our focus on caring for the employee as a whole person is apparent in the way we reward our people:

- A **competitive salary** and a **100% employer paid benefits program**, that includes critical illness, long term disability, life insurance, and health and dental coverage
- **Generous vacation entitlements**, paid personal days plus sick time allotments to take care of you and your family
- The opportunity to participate in an employer sponsored Registered Pension Plan (RPP), company **profit sharing** opportunities, company **ownership opportunities**
- Financial support for your **professional development** and **flexible scheduling** to help you integrate work and family life

ARE YOU THE RIGHT FIT FOR CAMBIUM?

You're a dynamic Project Manager with expertise in Hydrogeology, looking to drive our land development initiatives to new heights. You have strong decision-making skills, and enjoy challenges and collaboration, and driving efficiency in your day-to-day processes. You have a strong set of personal values that align with Cambium's values. You have a positive outlook and attitude. You fit well in a cohesive, cooperative team, where you want to make lasting relationships. You have an internal drive to meet high standards and provide quality effort for great outcomes. You engage with others to create mutual understanding and trust.

JOB OPPORTUNITY

Hydrogeologist / Project Manager

WHAT WILL YOU DO?

You will work with our dynamic multi-disciplinary team on various land development projects for several market sectors. You will be the project lead and manager for groundwater related projects and will be a mentor for both intermediate and junior staff on your team. You will also have the opportunity to work within a mature and diverse group of Hydrogeologists, Rural Servicing Engineers, and Drinking Water Treatment Specialists.

JOB DUTIES

- Project planning, scheduling, allocation of resources, budgeting, overall supervision of project personnel, invoicing and regular communication with clients.
- Supervise and/or prepare hydrogeological proposals.
- Supervise and review hydrogeological reports, drawings, or geologic data to adequately scope and plan projects.
- Supervise field investigations to acquire appropriate data.
- Analysis of hydrogeological data and interpretation of results.
- Directly responsible for the health and safety of any person working on an assignment under the supervision of the project manager.
- Directly accountable for revenue, costs and profitability of projects under his/her management.
- Provide training, guidance, and mentorship to junior and intermediate Cambium personnel in accordance with his/her knowledge base.
- Travel may be required but will be infrequent.
- Shiftwork and overtime may be required.

QUALIFICATIONS

- Bachelor of Science or Engineering Degree in Geoscience / Environmental Engineering
- Accredited in area of expertise by a recognised body (i.e. P.Eng., P.Geo.)
- Minimum 7 years relevant experience
- Attention to detail in all undertakings is essential
- Superior organisational and communications skills are essential
- Desire to succeed in a dynamic, progressive organization
- Familiarity with federal and provincial environmental legislation and regulations
- The successful candidate will demonstrate excellent communication skills with fluency (reading, writing and oral) in English

Application deadline: October 17, 2025
