

## JOB OPPORTUNITY

### Senior Hydrogeologist / Senior Project Manager

**STATUS:** Permanent, Full-time

**LOCATION:** Peterborough, Whitby, Kingston, Barrie, Ottawa

**APPLY BY:** October 17, 2025

**SALARY RANGE:** \$60-\$82/hr

---

#### WHY WORK WITH CAMBIUM?

You want to be a part of a successful, dynamic and fast-growing consulting and engineering company built on quality people doing quality work in a rewarding environment. We help build Ontario. We have offices in Ottawa, Whitby, Barrie, Kingston, and Peterborough.

**Our team is fun and friendly.** Whether it's trips to sporting events, movie nights, monthly socials, or weekend retreats, our team likes to have a good time together.

**Our team is hard-working.** You'll need to be flexible and able to manage priorities. Sometimes the days are long. But you are always compensated for your efforts. And we support balance with generous paid time off entitlements.

**Our team is proud.** Donating a portion of our net income each year to important causes and events. Winning awards. You'll find it easy to feel good about working with Cambium.

#### CAMBIUM REWARDS

Our focus on caring for the employee as a whole person is apparent in the way we reward our people:

- A **competitive salary** and a **100% employer paid benefits program**, that includes critical illness, long term disability, life insurance, and health and dental coverage
- **Generous vacation entitlements**, paid personal days plus sick time allotments to take care of you and your family
- The opportunity to participate in an employer sponsored Registered Pension Plan (RPP), company **profit sharing** opportunities, company **ownership opportunities**
- Financial support for your **professional development** and **flexible scheduling** to help you integrate work and family life

#### ARE YOU THE RIGHT FIT FOR CAMBIUM?

You're an experienced Senior Hydrogeologist with expertise in project management and team leadership looking to drive our land development initiatives to new heights. You have strong decision-making skills, and enjoy challenges and collaboration, and driving efficiency in your day-to-day processes. You have a strong set of personal values that align with Cambium's values. You have a positive outlook and attitude. You fit well in a cohesive, cooperative team, where you want to make lasting relationships. You have an internal drive to meet high standards and provide quality effort for great outcomes. You engage with others to create mutual understanding and trust.

## JOB OPPORTUNITY

### Senior Hydrogeologist / Senior Project Manager

#### WHAT WILL YOU DO?

You will provide leadership to Geoscientists, Engineers, and technicians on projects in the land development field for several market sectors. You will be the project lead and technical reviewer for groundwater related projects and will be a mentor for both intermediate and junior staff on your team. You will also have the opportunity to leverage your network and lead the growth of the Water and Wastewater service group.

#### JOB DUTIES

- Project planning, scheduling, allocation of resources, budgeting, overall supervision of project personnel, invoicing and regular communication with clients.
- Responsible for retention of existing clients and development of new clients.
- Supervise and/or prepare hydrogeological proposals.
- Supervise and review hydrogeological reports, drawings, or geologic data to adequately scope and plan projects.
- Supervise field investigations to acquire appropriate data.
- Analysis of hydrogeological data and interpretation of results.
- Directly responsible for the health and safety of any person working on an assignment under the supervision of the project manager.
- Provide training, guidance, and mentorship to junior and intermediate Cambium personnel in accordance with his/her knowledge base.
- Directly accountable for revenue, costs and profitability of projects under his/her management.
- Provide technical peer reviews.
- Occasional travel may be required but is infrequent.

#### QUALIFICATIONS

- Bachelor of Science or Engineering Degree in Geoscience / Environmental Engineering
- Accredited in area of expertise by a recognised body (i.e. P.Eng., P.Geo.)
- Minimum 15 years relevant experience
- Attention to detail in all undertakings is essential
- Superior organisational and communications skills are essential
- Desire to succeed in a dynamic, progressive organization
- Familiarity with municipal and provincial environmental legislation and regulations
- The successful candidate will demonstrate excellent communication skills with fluency (reading, writing and oral) in English

**Application deadline: October 17, 2025**
